Professional Summary

Software Engineering student with experience in full-stack web development using React.js, PHP, Node.js, and MySQL. Passionate about building SaaS applications and seeking a Software Engineering or Full-Stack Developer internship to grow technical expertise and contribute to real-world projects.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap

Backend: PHP, Node.js, Express.js

Databases: MySQL, MongoDB

State Management: Redux Toolkit, Context API

Tools: Git, GitHub, VS Code, Postman, XAMPP

Other: REST APIs, AI Prompt Engineering, Microsoft Office

Soft Skills

- Problem Solving
- Team Collaboration
- Communication
- Time Management
- Adaptability
- Continuous Learning

Experience

Web Development Intern

Apexcify Solutions

- Developed responsive and user-friendly web applications using React.js, Tailwind CSS, JavaScript, PHP, and MySQL.
- Participated in debugging, testing, and performance optimization.
- Used Git and GitHub for version control and collaborative development.

Web Development Instructor

Info Tech Centre

- Taught HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, React.js, PHP, and MySQL to beginner and intermediate students.
- Delivered hands-on coding sessions and guided students in building responsive web applications.
- Mentored students in debugging, problem-solving, and web development best practices

Projects

- **Faculty Management System:** Developed a web-based faculty management system using **PHP** and **MySQL** with separate **Dean** and **Teacher** dashboards, including complete CRUD (Create, Read, Update, Delete) functionality.
- **Email Authentication System:** Built a secure user registration and login authentication system using **PHP** and **PHPMailer**, including email verification for account activation.
- **Todo Application:** Built a Todo application using React, Redux Toolkit, Tailwind CSS, and Local Storage with CRUD functionality and theme switching.
- **Personal Portfolio Website:** Designed and developed a fully responsive portfolio website using **React** and **Tailwind CSS** to showcase projects, skills, certifications, and contact information.
- **Weather Forecast Application:** Built a weather application using **React** and **WeatherAPI** to display real-time weather conditions with dynamic backgrounds and weather-based icons..

Education

University of Sindh

Jamshoro, Sindh, Pakistan

Bachelor of Software Engineering (BSSE)

Current Status: 3rd Year Student

CGPA: 3.47 / 4.00

Certifications

- **HTML5 Application Development** – Certiport
- **Google AI Essentials** – Google
- **Google Prompting Essentials** – Google
- **Introduction to Cybersecurity** – Cisco Networking Academy
- **ACIT (Advanced Computer Information Technology)** – NAVTTC
- **English Language Certification** –English INN

Languages

- **Urdu** – Native Proficiency
- **English** – Professional Working Proficiency
